A beautiful bathroom can go a long way to making you feel good. It is a room which not only has to live up to functional requirements, but also emotional ones. This is where SCUBA comes in with great ideas, products & complete bathroom ranges & sanitary ware created by the best designers.

At SCUBA, we lay emphasis on experiences that leave you rejuvenated. We want to ensure every moment of your precious time spent should be relaxing. Hence our designs not only function smoothly but also please your senses.

Currently, our major product segments include Basins, Wall Hung Toilets & Urinals. We look to expand in the other domains also, making us a One Stop Shop for all your needs as far as Sanitary Ware is concerned.

The strong combination of high quality materials, innovative technologies and eye-catching designs has made SCUBA a favourite with the end consumers as well as the architects.

HOW SCUBA MAKES A DIFFERENCE

With the vision to reach thousands from residential, commercial, healthcare, and industrial sectors, Scuba has participated in many expos and exhibitions. ACETECH is one such prominent and well known exhibition in Mumbai.

ACETECH is a series of Asia's largest architecture, building materials, design and decor exhibitions, recognized as India's premier portfolio of events for bringing major international and domestic players from the building and interiors industry which attracts over 2,800 exhibitors.

This platform offered a substantial exposure to Scuba as a premium bathroom fitting and sanitaryware brand. To help people understand the functionality of the products like designer basins, wallhung toilets, urinal, shower panel and faucets in a better way. Scuba created a bathroom setup at the exhibition with the apt lighting conditions.

The efforts helped us build a significant number of associations with architects, interior designers, freelancers, solopreneurs, and retailers across India who deal in bathroom fittings and sanitaryware products.
